

Sci-Cool, Inc.

Model SCGP05OW1AREF

Refrigerator

Sci-Cool's space-saving under-counter refrigerator model is ideal for placement as free standing beside the work bench or fits easily into a 34.5" high under-counter space, with the features and convenience of our full-size models. This model carries a commercial rating for general laboratory use and comes standard with a manual defrost system that allows you to select the appropriate time for the system to be engaged, unlike auto-defrost models that work on a timer sequence. This product utilizes proven technology used in the household appliance industry, but is manufactured to endure the rigors of commercial laboratory use and carries a warranty for this application. For performance assurance, each unit is completely tested and shipped with its unique pull down performance graph. The exterior is constructed of heavy gauge steel with a baked-on white epoxy coating for long lasting durability. The interior is white molded ABS with no seams for easy cleaning and decontamination. The interior environment is protected by CFC-free, high-density foamed-in-place urethane insulation. Additional standard features include a small freezer compartment, three shelves, two are adjustable, a removable storage bin at the floor level for large item storage, two shelves on the door, adjustable leveling legs and a reversible outer door. The interior shelves are epoxy coated for long-lasting durability and chemical resistance. Optional built-in independent LCD temperature display available. The ideal companion to this refrigerator is the SCGP05OW1AF under-counter -30 freezer.

Specifications

Temperature Range Refrigerator -3° to 7° C (26.6° to 44.6° F)

Dimensions Exterior 21.7" W(55.12 cm) x 23.8" D(60.5 cm) x 33.5" H(86.11 cm)

Interior 18.6" W(47.24 cm) x 18.5" D(47 cm) x 27.6" H(70.1 cm), Incl. 4" H(10.2 cm) for freeze area
