

# Sci-Cool, Inc.

**Model SCGP12OW1AB**

**Freezer/Refrigerator**

Sci-Cool's space-saving floor model freezer/refrigerator is ideal for placement as free standing beside the work bench and only requires 3.9 sq. ft. of floor space. This model carries a commercial rating for general laboratory use. It comes standard with a manual defrost system that allows you to select the appropriate time for the system to be engaged, unlike auto-defrost models that work on a timer sequence. This product utilizes proven technology used in the household appliance industry, but is manufactured to endure the rigors of commercial laboratory use and carries a warranty for this application. For performance assurance, each unit is completely tested and shipped with its unique pull down performance graph. The exterior is constructed of heavy gauge steel with a baked-on white epoxy coating for long lasting durability. The interior is white molded ABS with no seams for easy cleaning and decontamination. The interior environment is protected by CFC-free, high-density foamed-in-place urethane insulation. The internal inventory environment includes three main compartment adjustable wire shelves and one solid, fixed-position shelf. There are also two lower compartment bins, nine shelves on the door, five of which are adjustable for additional storage capacity and flexibility. Other features also include a reversible outer door for location flexibility, an internal light and adjustable leveling legs.

## Specifications:

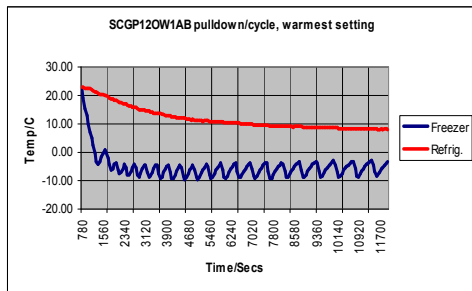

Temperature Range Refrigerator 1° to 10° C (33.8° to 50° F)  
 Freezer -20° to -3° C (-4° to 26.6° F)

Dimensions Exterior 23.5" W(59.69 cm) x 24" D(60.96 cm) x 64.3" H(163.32 cm)  
 Interior 20.7" W(52.58 cm) x 18.8" D(47.75 cm) x 56.5" H(143.51 cm)

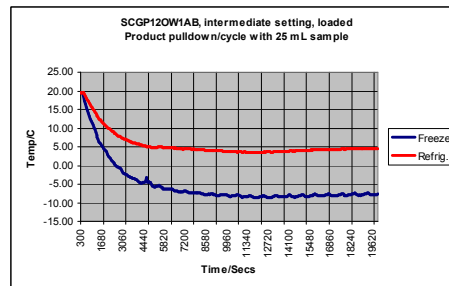

Capacity 11.6 cu. ft. 285.4 liters

Net weight 140 lbs. 63.5 kg.

Shipping weight 161 lbs. 73.03 kg.
